

# Productive Soils, Productive Farms

How soil health can improve your bottom line

Join internationally-acclaimed agroecologist, soil health specialist and educator, Nicole Masters, on this workshop for primary producers.

Deepen your understanding of what drives plant health and performance.

Learn how to improve farm resilience, build observational skills for assessing soil quality and hear how you can improve soil health on your farm to protect and enhance long-term agricultural productivity.

**August 31**

**Katanning**

**\$40 + GST incl lunch & refreshments**

**LIMITED PLACES**

**To register call 9881 0202 or email
